

Cemetery Arrangement Policy

I/We understand that it is our responsibility to make arrangements with a cemetery of our choice for interment/burial. This includes the opening fee of a grave/crypt that has already been paid for; or, arranging to purchase one for the first time.

For legal reasons, **House of Winston Funeral Services, Inc.** does not contract with any cemetery or make any recommendations to buy or sell cemetery property, headstones, or transact any business in that regard. All financial arrangements of the cemetery of my/our choice are my/our complete responsibility.
