Carolyn and Josh has been part of my "adopted" California family for over 25 years, she has been a true blessing for me, an angel in disguise. She has helped me learn to get out of my "comfort zone" (work-a- holic) She has always been so giving and kind, with a little bit of roughness as well, She is always extending herself with care. She has been a very good Friend. I first met Carolyn years ago at Bullock's she was in HR and I was in the management training program. We just clicked. She has been a great inspiration for me and has lived a beautiful, joyful FULL life, with her adventurous spirit and world wide international travels, And always thought of me during her travels and bring something back for me to share with my students. I will truly miss her beautiful caring presence. Thank you Carolyn Rose for sharing, caring and being my friend. She has been a beautiful caring mother and watched her son Joshua grow up to be a kind, gentle wonderful you man. We will miss you but thank you for sharing a piece of yourself with all your friends, family, and loved ones. You have been a true blessing.

Carolyn and I have been BFF for the last 44 years. She was there as my children matured to adulthood. I was there when she became a mom and watched her son grow into manhood. It is impossible to recall the many bid whist games, the lunches, dinners, jazz and blues festivals, museum events, art exhibitions and innumerable plays. Her ability to share her intelligence, time, talents and humor seemed limitless. Such an ever widening circle of friends and associates. So many are going to miss Carolyn. Although it is going to be so difficult without my friend, I have a ton of memories to fill my heart and mind. Love you Carolyn Rose, Beverly Margaret.

Carolyn had an amazing gift of being a positive influence in people's lives. She was a very loving and caring person, who was devoted to her family, friends and many charities. She was a great inspiration to me and I am truly blessed to have had her as my friend for about 40 years. I am going to miss her wisdom, kindness, laughter and her as a traveling companion. Rest well, my friend. Pamela Dubose

I remember the first time I saw you, three years ago almost to the date. You were on a panel about strengthening resource building. I thought, wow...she is amazing. I need her in my life. I walked right up to you and asked you to be my coach. You said yes, and from there we just connected in so many ways. You brought such a positive light into my life, so much wisdom. I learned how to appreciate all I've done rather than focus on what I didn't. I learned that I need to make time for me. And most of all I learned how to let some things go. But you, I never expected one of those things would be you. We met for breakfast just over a month ago, and I was just getting ready to tell you it's time again when I learned of your passing. I miss you already.

Admittedly Carolyn and I knew 'of' each other, more than we knew each other, a relationship largely grounded in shared circles of colleagues and work. I'm grateful to Carolyn for her significant impacts in the LA nonprofit sector as Board Member, Coach and her community relations work at SoCal Gas. Her devotion to building leaders, communities and organizations is a beacon for us all. With sympathy, Brianna

Just a quick note, but nonetheless heartfelt note, to let the family know how nice it was to meet Carolyn this year during the ESC training. Our cohort was lucky to include Carolyn, to learn from her and enjoy her company during the in person and online sessions. She always brought her sweet smile and wisdom. May her memory be a blessing to all who knew Carolyn. With sincere condolences, Gail Rollman
