Bruce Miller posted:

Terrence was both an undergraduate and graduate student at Texas Christian University. He took a class with my wife and endeared himself to her. He came to do research with me as a senior and stayed on to get his Ph. D. from the TCU Physics Dept. He stayed in our house and took care of our son when we went on sabbatical. He stayed with us and I visited him numerous times both at Swarthmore and Southern University. He was essentially a member of our family. We miss him and he will always be in our thoughts and heart.
